Brown Garden Stone

What You Need:

- 1 cup of sand
- 1/2 cup of cornstarch
- 1 teaspoon powdered alum
- 3/4 cup of hot water
- Assortment of items to decorate
- Colored stones

What You Do:
(This recipe only makes one stone)

1. Mix sand, cornstarch, and alum in bowl. Add hot water, stirring vigorously until well blended.
2. Cook over medium heat until thick, stirring constantly.
3. When cooled, help your child to flatten the dough out and make it the shape they prefer. Encourage them to decorate their stone.
4. Dry pieces in the sunshine for several days.
5. Put your brown garden stone out in your garden as a decoration.
