

Flying Saucer

What You Need:

- Two CDs for Each Child (AOL Free CDs work Great)
- Glue
- Cup Lid or Milk Cap
- Construction Paper
- Paint
- Various Other Art Supplies

What You Do:

- Glue the Two CDs together (so that only the shiny parts can be seen). Then paste the lid on so that it looks like the cabin of the flying saucer. Then let your children finish the design of the flying saucer anyway that they desire.
