

# 8 Math Muffin Tins

## **Purpose:**

Preschool children recognize numbers, count and sort during this activity.

## **Materials:**

Cupcake paper liners, marker, poker chips, beans, pebbles or anything they can count and sort.

## **Description:**

Using a marker, write on the muffin liners the numbers 1-8 (or help your child do it) and then place them in a muffin tin. Help your child count and sort the specific number of items into each liner.
