

DIFFERENT SHADES OF COLORS

- GIVE A WHITE ICE CUBE TRAY TO YOUR CHILD AND FILL THE FIRST THREE HOLES WITH RED, YELLOW AND BLUE WATER. GIVE YOUR CHILD AN EYE DROPPER (OR MEDICINE DROPPER) AND LET THEM MIX THE COLORS IN THE EMPTY SPACES. THIS WILL CREATE MANY SHADES OF COLORS. YOU CAN FREEZE THE COLORED WATER FOR FUN ICE CUBES IN WATER OR LEMONADE FOR A REFRESHING DRINK! ENJOY!
