

# SHOE MIX-UP

Collect a variety of shoes out of the closets of your home and put them in the middle of the room.

Mix up the shoes and have children take turns finding two shoes that match.

Talk about sizes, shapes, colors, and the purpose of the shoes. Which shoes would you wear on a hike? Which shoes would you wear to the beach? Which shoes would you wear to a fancy party? Which shoes would you wear in the snow?

Have fun with all of the shoes and talk about how important it is to have 2 shoes and not just 1!
