

My Nursery

Gather pictures of your child's room when he/she was a tiny baby. Make a list of all of the items that a baby needs after coming home from the hospital. Using a favorite doll, stuffed animal, or action figure; make a nursery for your new baby. What items could you use creatively to make a crib? Maybe you could use a box or some Tupperware? What about a bath?

Perhaps you could use a kitchen pot? Get creative and create your own nursery for your baby. Talk about how to care for a baby with the items you have and why the baby needs them. Show pictures of your child when he/she was a baby and talk about memories of when they were tiny newborns and how quickly they've grown into big kids!
