

Mixed Up Magazine:

Materials: pre-cut magazine pictures, paper, cardboard, box lid or paper plate for the base, paste or glue, pens or crayons

Art Process: 1. Choose a magazine picture. 2. Cut an important part from the picture such as a head of a dog, a baby's foot or a glass of milk. Glue it to the base of the paper or cardboard. 3. Choose another unrelated magazine picture and add a part of that picture to the first part. The idea is to make a silly animal picture combining unrelated parts such as the head of a dog, the body of a boy, two feet made of bananas and so on. 4. When a substantially silly picture is complete, dry for an hour.
